Ben,

As requested, I am emailing you the latest search warrant data we received from Google for Hossein Tehrani and Farshid Kazerani. Due to size constraints, I am only able to attach the account and subscriber info. The MBOX files, which have the actual email content, will be copied to a CD or USB. Let me know which day/time works best next week so I can hand deliver you the rest of the data. Thanks.

I've Cc'd Garrett just so he is aware, and in case I am unavailable.

Matt
